OUTDOOR COLLECTIONS

MANUFACTORS OF FINE OUTDOOR FURNITURE IN PREMIUM TEAK

A
ARCO

INTRODUCTION

Dear Readers,
in this book we present to You our 9 outdoor collections.
We have specialized in Fine Teak Furniture for several decades because, based on our understanding of the Outdoor Furniture Market, Teak Wood can ultimately be regarded as the best material for Outdoor Use. As in all sectors there are multiple product-versions on

the market in terms of design, quality and comfort, in summary we can say that we only deal with the highest quality material and always pay special attention to designing successful and durable products. Finally we offer our products to all those customers who love and appreciate Quality and Dedication to Detail.

Michael Düring

TEAK
BOOK

TEAK AND ITS SUSTAINABILITY

THE TEAK

The optimum growth conditions of high quality teak trees are found in subtropical monsoon regions of India, Burma, Thailand and Indonesia. Teak does not grow in rain forests and needs at least two climatic condition - a wet rainy

monsoon followed by a dry season of 3-5 months without any precipitation. *Tectona Grandis* is one of the few woods in the world that has a natural oil to repel water and keeps teak from wrapping, cracking or becoming fragile. It is extremely resistant to rot and has

a natural resinous substance called technoquine that repels termites, marine borers and other insects. This makes Teak being the best material for outdoor furniture and marine use.

SUSTAINABILITY

Indonesia has the largest natural forest area in Asia as well as the largest areas worldwide of teak wood plantations. The country is a leading producer of products made in teakwood. To combat illegal logging and related trade the Government of Indonesia has implemented a system to assure international markets that timber and wood products produced in the country comply with Indonesian laws. The new system is mandatory for all timber producers. It creates a chain of custody process designed to ensure the processing mills only use timber from legal sources, and that all products exported from the country are traceable to verifiable points of origin.

What is SVLK?

SVLK (Sistem Verifikasi Legalitas Kayu) is the acronym of Indonesia's national

timber legality assurance system, which is a mandatory legality and sustainability certification system built on a national multistakeholder consensus.

Is SVLK enough to prove the legality of the wood?

Yes. Under Indonesian law, SVLK certification and related documents (SVLK certificates and export licences called V-Legal Documents) constitute proof of legality for Indonesian timber products. Until the start of FLEGT licensing, Indonesian products with a V-Legal Document that are exported to the EU will have to go through the normal due diligence process under the EU Timber Regulation (EUTR). Since FLEGT licensing has started, FLEGT-licensed products will be considered comply with the EUTR requirements. The development of the system is the core component of a Voluntary

Partnership Agreement (VPA) between the European Union (EU) and the Government of Indonesia signed by both in 2011 and ratified in March 2014. The system is embedded in new national regulations and includes the mandatory issuance of "V-Legal" documents for any designated timber product exports. These regulations are frequently updated in response to improvements and changes in the forest law.

LUGANO

COLLECTION

LUGANO

Danish expert in Teak Architect B. Povl Eskildsen combines 3 materials to produce the Lugano Collection, that defines light modern style with clever and nice details. The interaction between teak, sling and stainless steel with its functionality and comfort make Lugano ideal for both contract and residential use.

ADIRONDACK

C O L L E C T I O N

ADIRONDACK

Adirondack, the comfortable one as well without cushions.

A re-take on an American classic. The Adirondack collection brings refinement in the form of hidden stainless steel hardware and improved ergonomics that elevate the comfort of a 100 year old iconic design to be on par with comfort of modern lounge chairs.

CAMBRIDGE

COLLECTION

CAMBRIDGE

With a tip of the hat to classic teak outdoor furniture, Cambridge takes classic teak category to a new level of comfort and practicality. The essence of traditional heavy and uncomfortable teak chairs of old times are morphed into a classic, yet light and comfortable design. The collection is complemented by the Cambridge Buffet Table, a food preparation table that features soft-close drawers and an integrated champagne cooler/Ice box, as well as serving trays and a wide range of tables and benches in Teak.

TIMELESS OUTDOOR COLLECTION

HERITAGE

TIMELESS OUTDOOR COLLECTION

Designed in the Past, Made for Tomorrow. This timeless outdoor collection is Made of solid Premium Teak. The surface comes in the high end buffed finish with a beautiful sheen. The very comfortable cushion sets include a lumbar scatter cushion for a major relaxation. Architect Povl B. Eskildsen has combined Soft classical curves and straight lines on the back, donating to this classic collection more updated beauty and a modern touch. Exclusive brass parts for feet and arms, galvanized in palladium, gold and custom, and details in Australian mother of pearl make Heritage Collection peerlessly in the high end classical outdoor furniture.

QUADRO

COLLECTION

QUADRO

The Quadro chair is the restyling of an icon in the modern outdoor design. Architect B. Povl Eskilden had designed the original version in the far 2003 and decided in 2012 to restyle the chair and to confer the design to ARCO OUTDOOR. Amongst the new solid extending table and sunlounger, Quadro Collection offers a multifunctional buffet table with an integrated champagne bucket.

COLLECTION

cube

Inspired by the simple and clean lines of Johan Von Spreckelsen's Le Grande Arche in Paris, the Cube lounge collection, in teak, includes sculptural pieces of furniture that are not only eye-catching but also light, practical and durable. The construction of the modular elements are reinforced with stainless steel components that provide the strength and durability required for many years of daily use.

LUMEN

COLLECTION

LUMEN COLLECTION

Our hybrid solar and USB-C rechargeable lantern lamps, are not only delightful to look at, but have a performance that is superb. The lamps can output over 600 Lumens of light, are dim-able in 3 steps and can be operated from touch buttons on the top of the lamp or from a radio based remote control with a range of up to 50m/165' . The remote signal can travel through most walls. The lamps can be set to operate autonomously; on the dusk and off at dawn or when the battery pack runs low. At the lowest brightness setting, the run-time is up to 35 hours. A single remote control can be paired to control up to 256 lamps.

LUMEN COLLECTION

LAMP SPECIFICATION:

- Light output of >600 Lumens @ 2.700 Kelvin
- Supplied with radio-based remote control with a range of up to 50 m / 165'
- Dim-able: 30, 60 & 100%
- Touch controls
- 13,200 mAh Lithium-Ion battery
- Up to 35 hour run time at 30%
- Up to 10 hour run time at 100%
- Can operate autonomously
- Can charge from the integrated solar-panel or a USB adapter (adapter not included)
- Supplied with a USB-A to USB-C cable
- Memory for previously used setting
- CO, FCC, RoHS & IP65 certified

Sahara

COLLECTION

Sahara

Inspired by foldable furniture from the colonial era, the Sahara collection evokes a classic modern look. The chair-stand available for both, chair and deck chair, emphasizes functionality and practical use for a fast break down and storage.

The folding tables are split into separate top and base units. This allows a single person to move and set up the furniture.

FOR TEAK MAINTENANCE VIDEO

TEAK CLEANER

Restores and
brightens wathered
teak & hardwood

TEAK CLEANER

INSTRUCTIONS FOR USE:

1. Before using the TEAK PROTECTOR, eye protection and rubber gloves should be worn. Cover the ground under your working area before cleaning.
2. First moisten the furniture with water.
3. Shake TEAK CLEANER before use.
4. Apply TEAK CLEANER with a soft cloth or sponge. Allow to soak for 3 minutes.
5. Brush the furniture clean with a scrubbing pad in the direction of the grain.
6. Rinse furniture well with water.
7. For prolonged colour, leave the furniture to dry and treat with TEAK SEALER. For a silver grey colour, use TEAK PROTECTOR.

TEAK SEALER

Maintains the light-brown
colour of teak for a
longer time

TEAK SEALER

Why is it so much better than teak-oil:

1. It maintains the light-brown colour of teak for a longer time:
Up to 4 times longer than teak-oil • Up to twice as long as other sealers
2. It's environment-friendly because it is 100% water-based; no toxic fumes; non flammable; EcoSafe.
3. It is fast and easy to apply.
4. It's not an oil, it is not greasy: clothes stay clean.
5. It is resistant to mould and prevents black spots on the teak.

INSTRUCTIONS FOR USE:

1. Before using the TEAK PROTECTOR, eye protection and rubber gloves should be worn. Cover the ground under your work area before starting.
2. New teak: first clean with our Teak Cleaner to remove some of the natural teak oils (or weather for 2 weeks outside before treatment)
3. Grey teak or teak treated with teak-oil must first be cleaned with TEAK CLEANER.
4. If cleaned wood feels rough, sand lightly before treating with Protector. Make sure the teak is 100% dr and free of dust.
5. Shake and stir TEAK PROTECTOR at least a minute before use. Insufficient shaking can lead to uneven decolourisation.
6. We suggest you try the TEAK PROTECTOR on a small area first (e.g. the back of a leg) to judge if the colour meets your expectations.
7. Apply a very thin layer of TEAK PROTECTOR evenly over the furniture with a dust free cloth. Apply a second very thin coat after 30 minutes drying time
8. It is recommended that you treat your furniture with TEAK PROTECTOR at least once a year.

TEAK PROTECTOR

Invisible after application.
Makes teak reppelent of
water and moisture.
Helps to prevent stains
caused by food and drinks.

TEAK PROTECTOR

An almost invisible shield to prevent food stains (coffee, ketchup, red wine, olive oil, etc.) from penetrating into teak.

INSTRUCTIONS FOR USE:

1. Before using the TEAK PROTECTOR, eye protection and rubber gloves should be worn. Cover the ground under your work area before starting.
2. New teak: first clean with our Teak Cleaner to remove some of the natural teak oils (or weather for 2 weeks outside before treatment).
3. Before using the TEAK PROTECTOR on dark grey teak, clean the wood with our teak cleaner. If cleaned wood feels rough, sand lightly before treating with TEAK PROTECTOR.
4. Make sure the teak is 100% dry and free of dust.
5. Shake for at least one minute before use. Apply a thin layer of TEAK PROTECTOR with a soft cloth.
6. Allow to dry for one hour and then apply a second thin coat of TEAK PROTECTOR. Let the teak dry for 48 hours before exposure to moisture.
7. It is recommended that you treat your teak furniture with TEAK PROTECTOR once a year. Tabletops should be treated more often.

TEAK MAINTENANCE

Dear Readers,
Are you the owner of a yacht with Teak deck and furniture?
Do you already have Teak garden furniture at Your home?

Either way, you will be aware that You have several options for maintaining Teak, being the best natural material for outdoor.

So how to manage the maintenance of teak surfaces?
There are 4 basic paths:

- 1) The maintenance of your teak is managed by You and Your staff once a year or once every 2 years, using our maintenance products. Teak cleaner, Teak Protector, Take Sealer.
- 2) Entrust the maintenance to an external company that restores the surfaces to a state similar to new. We reccomand to use our Teak Cleaner, Teak Sealer and Teak Protector.
- 3) Book our ARCO OUTDOOR CARE SERVICE carried out by our Team. You can write us by informing about n° pieces, type, age of furniture You would wish to be restored and ask for quotation at contact@arcoarredi.com .
- 4) For all people who appreciate the nice silversheen of weathered Teak, the maintainance becomes very easy by using once in a while our Teak Cleaner.

THE PRODUCTION

The factory is based in East Java – Indonesia. In 15.000 mq of production facilities, modern and specific wood and metal working machines unified with 400 highly specialized and long term experienced workers, the designed products are matured and tested before production. The production is constantly improved to make sure that products are produced permanently in a high grade of quality.

The teak surfaces of all products are sanded with extrafine sandpaper; some collections get a natural buffed finish with its beautiful sheen. This finish is also provided underneath of the visible surfaces and makes the products unique as unique the persons are who with pride are achieving this hand made finish.

STANDART TERMS OF SALE ARCO OUTDOOR

1) Adjournment of the standart terms of sale and update of Arcos' Products.

1.1 In any moment and without any previous notice Arco may adjourn its conditions of sale, the price of its products (the "Products"), giving the relevant notice in writing by sending the new standart terms of sale which shall automatically replace those previously in force after 30 days from the date of receipt by their recipient.

1.2 Arco reserves also the right to make any technological and esthetic improvement to its Products, including modifications to the dimensions and materials, as well as to cease the production of one or more Products.

2) Orders and changes.

2.1 Any order concerning one or more Arco's Products shall become effective and binding upon the receipt by Arco of the relevan offer countersigned by the Client for acceptance (the "Order").

2.2 The Client may ask in writing to Arco any modification to the Order to change item, finishing and coating. Should such requests be received by Arco after 5 days form the date of effectiveness of the Order, Arco shall reserve the right to accept them only provided that the costs of the materials initially requested and already employed in the production cycle and eventually unused are borne by the Client.

3) Selling price

The selling price specified in the price list in comprehensive of delivery to the street level and of standart packaging in cardboard, while for special packaging (including those in wooden crates) agreed in writing the cost and expenses will be entirely borne by the Client.

4) Property of Products.

Pursuant to the Articles 1523 and following of the Italian Civil Code, Arco shall be entitled of the ownership of the delivered goods until full payment of the agreed price and of any ancillary expenses and costs in accordance with the agreement and these standart terms of sale.

5) Delivery.

5.1 The Products will be delivered ex works, unless otherwise agreed in writing..

5.2 If the delivery is agreed to the warehouse of the distributor or to the end customer, the delivery shall be made at street level, wighout assembly and without wasting of the packaging, unless otherwise agreed in writing.

5.3 The deadlines for the delivery specified in the Order shall be deemed non essential any they represent the best forecast of the date of delivery (in the case of delivery ex works) or shipping (in the other cases) of the Products. Arco reserves the right to perform the Order also with partial deliveries.

5.4 The Client shall have the right to terminate the Order for delay in the delivery of the purchased goods if the delay exceeds 60 days from the date of delivery specified in the Order.

5.5 Arco shall not be liable for delays in delivery due to force majeure or fortuitous event.

5.6 If the Client delays in accepting the delivery of one or more goods encompassed in the Order, it shall pay to Arco the storage expenses, agreed in Euro 0,50 per cubic meter for each day of delay, in addition to the price agreed in the Order and to the interests accrued, pursuant to the following article.

5.7 If the delay in accepting the delivey exceeds 6' days, Arco shall have the right to terminate the Order by written notice to the Client. In this case Arco, in addition the the above, shall be entitled to receive the payment, by way of penalty, of an ammount equal to 5% of the agreed price, in addition to compensation for the further damages.

6) Payments.

6.1 All payments shall be made within the terms and the conditions set forth in the Order only to Arco Marketing S.r.l., with corporate offices in Caselle di Sommacampagna (Italy), wich, for all legal purposes, shall be considered the place of the performance of the Order.

6.2 In the case of lack or delayed payment, Arco shall be entitled, as its choice: (i) to the immediate payment of the balance for the forfeiture of the Client of the benefit of the term, and to complete the supply in relation to which the breach of contract has occurred, and any subsequent delivery to the same Client, only upon receipt of the whole consideration; or alternatively (ii) to terminate the Order. In any case, any delay in the payment shall entitle Arco to interests on delayed payment pursuant to Legislative Decrete n° 231/2002 and subsequent amendments, in addition to full reimbursement by the Client of the costs of collection of the credit,

of banking rights and any other expense (including legal costs) relating to the collection of late payment of just even connected to te same.

7) Quality of Products.

7.1 Arco warrants the quality of its Products and undertakes to make, at its factory in Verona Interporto (Italy) any repairs and/or replacements of parts in case of manufacturing defects.

7.2 Repairs and replacements due to standard wear and tear or to lack of periodic checks or maintenance of the Products, or to use with turn to be improper or negligent or not compliant with the requirements of the product sheet are excluded from the warrenty.

7.3 Furthermore, any warranty for wrong installation or maintenance or repairs made by unauthorized third parties or with damaged or not original spare parts is excluded.

7.4 In case of effectiveness of the warranty pursuant to the above, the relevant Product must be shipped by the Client at the port indicated by Arco and shall be sent back by Arco in carriage free.

8) Complaints

8.1 At the time of delivery of Products, the Client must check that the parcels are intact and that the quantity corresponds to that shown on the accompanying documents referred to the Order. In the case of any inconsistency, the Client must not its reserves in the deliver's documents, otherwise the Products shall be deemed delivered intact and in the same quantities agreed in the Order.

8.2 Any complaint relating to a Product must be sent in writing by and no later than 8 days from the receipt of the same Product, under penalty of forfeiture of the relevant right. Under the penalty of inefficacy of the complaint, the defect must be detailed and documented through digital photos highlighting the alleged defct.

8.3 For damages due to the transportation, the carrier's insurance shall respond only in the event that the damages are detailed and timely raised. In particular: (i) for damages immediately detectable by the Client, the reserve must be noted on the delivery documents a the presence of the carrier; (ii) damages not immediately detectable must be noticed in writing to Arco and to the carrier in copy by and no later that 10 days from the receipt of goods, in accordance with the procedures referred to in Article 8.2 above.

8.4 Any returns must be authorized in advance in writing by Arco and returned in carriage free, duly packed.

8.5 In case of identified defect the a Product, the replacement of the same at care and expense of Arco schall be the only remedy available to the Client.

9) Miscellaneas

9.1 Sales of Arco's Products are regulated by these standart terms of sales, wich integrate the terms and conditions from time to time agreed in the individual Orders. In the event of any discrepancy between on one more provisions of these standart terms of sale and an Order, the terms and conditions set forth in the latter shall prevail.

9.2 Once entered into, any Order shall cause any prior agreements and understandings reached in any form with the Client to be ineffective and not opposable to the latter, save as otherwise agreed in writing.

9.3 Any Order may be modified only by way of a written instrument, undersigned by Arco and the Client.

9.4 Any communication relating to any Order shall be made in writing to the addresses of Arco and the Client as shown in Order, without prejudice to the obligation of each party to notice the other party in writing of any modification of its address and with the specification that at the same address both Arco and the Customer elect their domiciles in connection with any notification, including the any service of process.

9.5 Personal and professional data of the Clients required for the execution with applicable provisions on personal data protection, of and in particular with Legislative Decree No 196/2003 and subsequent amendments.

10) Applicable law and Jurisdiction.

10.1 The Orders and any aspect referred to their negotiation and performance shall be regulated by Italian law.

10.2 Any disputes between Arco and the Client concerning an Order or in any case arisen from the same shall be submitted to the exclusive jurisdiction and venue of the Court of Verona, Italy.
